At UC Berkeley, learning doesn't take a summer break.

Join us for Berkeley Summer Sessions, one of the largest and most exciting summer programs in the United States.

With more than 600 courses to choose from, Summer Sessions lets you accelerate your learning while experiencing the academic rigor Berkeley is renowned for.

Why study at UC Berkeley?

- 1. Challenge Yourself**
Complete semester-length courses alongside UC Berkeley students in just one summer.
- 2. Get Social**
Meet students from Berkeley and around the world. More than 16,000 students attend Summer Sessions each year, including more than 3,000 visiting and international students.
- 3. Experience the Bay Area**
Enjoy summer in the San Francisco Bay Area—one of the most beautiful and vibrant destinations in the world—known for its diversity, food, technology, arts, and nature.

Who can join Summer Sessions?

Berkeley Summer Sessions welcomes UC Berkeley students, other UC students, visiting domestic and international students from other colleges, and community members to enroll in summer courses.

How do I apply?

To participate in Berkeley Summer Sessions, apply online at summer.berkeley.edu starting in February. Check with your home institution prior to enrolling for guidelines regarding Summer Sessions.

About UC Berkeley

A Tradition of Excellence

The University of California was founded in 1868, born out of a vision in the State Constitution of a university that would “contribute even more than California’s gold to the glory and happiness of advancing generations.” The first campus—envisioned as a “City of Learning”—was established at Berkeley, near the San Francisco Bay. Today the world’s premier public university and a wellspring of innovation, UC Berkeley occupies a 1,232-acre campus with a park-like 178-acre central core. It is the oldest of 10 University of California campuses.

With its mission of teaching, research, and public service, Berkeley, or “Cal” as alumni know it, is one of the world’s most distinguished institutions of higher education. It is renowned for the excellence of its faculty and students, the scope of its research and publications, the size and quality of its library collections, and the excellence of its laboratory and educational facilities.

Academics

Berkeley academic programs are recognized internationally for their excellence. You can expect a rigorous academic experience during your summer studies. The accelerated instruction of Summer Sessions means that you will learn a semester’s worth of material in just one summer. Berkeley courses are known for an engaged learning style where you interact frequently with the instructor and other students. With continuous assessment, you are evaluated over the duration of the course through work such as quizzes, exams, lab assignments, papers, attendance, and class participation.

Academic Support

Berkeley offers a range of support services to help you achieve academic success. Academic advisers are available to answer questions about selecting courses. Instructors hold faculty office hours where you can discuss course material. The Student Learning Center provides tutoring and study groups for Summer Sessions students.

Libraries

UC Berkeley is home to one of the finest research libraries in the U.S., encompassing over twelve million items housed in over twenty libraries, along with access to an extensive array of online resources.

Health and Wellness

Students have access to medical and mental health services provided by University Health Services, a fully accredited facility staffed by board-certified physicians, nurse practitioners, physician assistants, a nutritionist, and more.

In addition, membership to the campus Recreational Sports Facility is included in fees. Rec Sports members enjoy access to two recreation centers, four pools, free drop-in group exercise classes, discounts on personal training, outdoor programs, and more.

Campus Safety

UC Berkeley has its own dedicated, full-service police department that operates 24 hours a day, seven days a week. The department offers free Night Safety Services, including the BearWALK escort service and evening shuttles. The Berkeley campus partners with the Nixle company to deliver safety messages to you via opt-in text, email, or both in the event of an immediate threat to safety or health affecting the campus community.

Summer in the Bay Area

Enjoy summer in the vibrant San Francisco Bay Area! Centrally located, Berkeley is just 25 minutes from downtown San Francisco and within an hour of most local attractions, including national parks, museums, shopping, restaurants, and nightlife.

Things to Do

SEE THE SIGHTS. Walk across the Golden Gate Bridge, stroll down twisty Lombard Street, ride a cable car, visit lively Chinatown, and take a tour of Alcatraz Island.

EAT DELICIOUS FOOD. The Bay Area is a food lover's paradise, with fine local restaurants, farmer's markets, and a thriving food truck scene.

CELEBRATE WITH THE LOCALS. Enjoy music, art, and cultural events, such as the Outside Lands Music and Art Festival, Oakland Art + Soul Festival, and SF Pride Celebration.

VISIT A MUSEUM. Experience some of California's best art, natural history, culture, and science museums, many of which have discounted admission for students.

GET OUTDOORS. The Bay Area has some of the most beautiful parklands in the nation, including the Marin Headlands, Muir Woods National Monument, and Point Reyes National Seashore.

Did You Know?

Summer Sessions students receive a transit sticker that allows free use of the local bus system, including buses to downtown San Francisco!

Courses

Choose from undergraduate courses in more than 80 subjects, including arts, engineering, humanities, natural sciences, social sciences, and the professional fields of architecture, business, education, public health, and social welfare.

Courses are offered in three, six, eight, or 10-week intensive sessions. All courses are regular university courses and are recorded on an official UC Berkeley transcript.

While completion of summer courses does result in a UC Berkeley transcript, participating in this education program does not in itself provide preference in admission to the University of California.

Sample Class Schedule (Six Week Session)					
	Monday	Tuesday	Wednesday	Thursday	Friday
UGBA 102 Introduction to Financial Accounting (3 units)	8-10:30 a.m. (lecture)	8-10:30 a.m. (discussion)	8-10:30 a.m. (lecture)	8-10:30 a.m. (discussion)	
ASTRONOMY C12 The Planets (3 units)	1-3 p.m. (lecture)		1-3 p.m. (lecture)	1-3 p.m. (lecture)	

Course Listings

See the Preview of Courses in this catalog for a sample list of courses. A complete schedule of summer courses and descriptions is available online at classes.berkeley.edu beginning early December.

Enrollment

Enrollment for Summer Sessions opens in February. Visit summer.berkeley.edu/international for instructions for visiting international students.

Prerequisites

Many Summer Sessions courses have prerequisites which are indicated in the course description. Before enrolling, check that you meet all prerequisites for each course. If unsure whether you meet a prerequisite, contact the course department or instructor and be prepared to provide documentation of your previous coursework (e.g. syllabi, course descriptions, transcripts).

Course Numbering

Each UC Berkeley course listing includes a number that indicates whether a course is undergraduate, graduate, or professional level. Use the chart below to determine the level of your course.

Course Numbering Chart				
Undergraduate		Graduate	Professional	
1-99	100-196	200-299	300-399	400-499
Lower Division Open to freshmen and sophomores; not acceptable for upper division credit.	Upper Division Ordinarily open to students who have completed at least one lower division course in the given subject or two years of college work.	Ordinarily open only to students who have completed at least 18 upper division units basic to the subject matter of the course.	Offered in Education and other departments, and are specifically designed for teachers or prospective teachers.	Other professional courses (acceptable toward academic degrees only within limitations prescribed by a college, school, or the Graduate Division).

Units of Credit

UC Berkeley is on a 15-week semester calendar. During the semester, one unit represents three hours of work per week by the student, including both class attendance and preparation. Laboratory, discussion, quiz, or review sessions may or may not be given unit value. To estimate the amount of work for summer courses, refer to the chart below.

Estimated Total Number of Required Hours of Student Work Per Week					
Units	Ten-Week Session	Eight-Week Session	Six-Week Session	Three-Week Session	TOTAL WORK HOURS
1	4.5	6	7.5	15	45
2	9	12	15	30	90
3	13.5	17	22.5	45	135
4	18	22.5	30	60	180
5	22.5	28.5	37.5	75	225

UC Berkeley recommends a maximum of 10 units per session during Summer Sessions. If you wish to take more than 10 units, consult with Berkeley Summer Sessions before registering.

Grading

The work of all students on the UC Berkeley campus is reported in terms of the following grades:

Grading Scale	
A	Excellent
B	Good
C	Fair
D	Barely passed
F	Failure
P	Passed at a minimum level of C- for undergraduate students
NP	Not passed
S	Satisfactory, passed at a minimum level of B- for graduate students
U	Unsatisfactory
I	Work incomplete due to circumstances beyond the student's control, but of passing quality
IP	Work in progress, final grade to be assigned upon completion of entire course sequence
<i>The grades A, B, C, and D may be modified by plus (+) or minus (-) suffixes.</i>	

Credit Transfer

Consult with your home institution regarding transfer of UC Berkeley coursework.

Be prepared to provide course descriptions, syllabi, and other course information as required by your home institution.

Special Programs and Certificates

Special Programs

Exploring the Liberal Arts (ONLINE)

Exploring the Liberal Arts: Letters & Science W1 is a two-unit online course that gives you an overview of the intellectual riches of UC Berkeley's College of Letters & Science. View mini-lectures by faculty members, deans, and recent graduates on topics ranging from earthquakes to the sense of touch.

LEARN MORE AT
summer.berkeley.edu/lis1

Berkeley Charter of Professional Accountancy

Gain knowledge of the discipline, prepare for the Certified Public Accountant (CPA) exam, and demonstrate your commitment to employers by attaining the Berkeley Charter of Professional Accountancy (BCPA). In just two summers the BCPA provides you with the accounting knowledge to pursue a CPA, as well as careers in economics, finance, and accounting more broadly.

LEARN MORE AT
bcpa.berkeley.edu

Architecture and Design Programs

Disc* (**Design & Innovation for Sustainable Cities**) is an intensive five-week program that explores design and analysis in the urban environment. Participants engage in the course of urban innovation while gaining hands-on experience developing design proposals. You will attend lectures, partake in interactive workshops, experiment in digital fabrication lab, conduct fieldwork, and become immersed in design studio culture. Disc* is intended for currently enrolled college students from all majors, with or without design experience.

The **Summer [IN]STITUTE** consists of three introductory programs in architecture, landscape architecture, and sustainable city planning for post-baccalaureate students or senior-level undergraduates in any discipline. There is also one advanced architecture studio for students with an undergraduate degree in architecture or senior-level architecture majors. You will explore the methods of the field, experience the culture of design studios, connect with top faculty, and develop a polished portfolio.

LEARN MORE AT
ced.berkeley.edu/academics/summer-programs

Certificate Programs

Most certificate programs can be completed in one summer or more.

The Developing Child*

The Developing Child certificate is an interdisciplinary, developmental science program focused on children from birth to age 8. Integrating research, practice, and policy with problem-solving and implementation skills in the real world, the innovative coursework and practicum will enrich your approach to working with or on behalf of young children.

LEARN MORE AT
thedevelopingchild.berkeley.edu

Digital Humanities*

The Digital Humanities certificate program brings students to the cutting edge of scholarship in the humanities. In this study, powerful digital tools allow you to create, organize, analyze, and represent your research projects in digital forms. No prior experience is needed to enroll. Imparting both technical and humanistic knowledge, the digital humanities program teaches you to ask timeless questions, and answer them using today's tools.

summerdigitalhumanities.berkeley.edu

Educating for the 21st Century (ONLINE)

Interested in a career in education or want to learn more about teaching and learning? Educating for the 21st Century is a certificate program featuring online courses that cover a range of issues concerning modern education, from digital environments to global schooling. You will gain experience not just learning about educational theories, but also real-world experience as teacher-mentors through our unique practicum experience.

LEARN MORE AT
gse.berkeley.edu/online-ed-minor

Film & Media Industries and Professions*

This program is designed for students interested in careers in film and media. Learn about industry structures that govern a broad range of media professions, fields, and practices. Individual courses introduce you to the various processes entailed in developing, pitching and producing media content; provide understanding of roles played by various artists and professionals in the production, distribution, and exhibition of content; provide critical understanding of key business and legal concepts relevant to intellectual property in a changing media landscape; and provide opportunities to learn about film and media practices from award-winning artists.

LEARN MORE AT
filmmedia.berkeley.edu/programs/summer-certificate-program

Global Public Health

The Public Health field seeks to improve human populations by developing and applying knowledge that can prevent disease and promote health throughout the state, nation, and world. Students who earn a Global Public Health certificate will demonstrate a breadth of knowledge in many disciplines for the promotion and protection of human health with due consideration to human rights principles and varying cultural perspectives.

LEARN MORE AT
sph.berkeley.edu/undergraduate-major/summer-minor-global-public-health

Journalism in the Digital Age

Success in the era of digital communications requires proficiency not just in consuming media but also in producing it. The certificate in Journalism in the Digital Age is for students who want to develop their communication skills across all current and emerging platforms. You will focus on core reporting and writing methods, social media, video, multimedia packages, and other forms of online and printed media.

LEARN MORE AT
journalism.berkeley.edu/admissions/summer-minor-program

Race and Law*

Jointly offered by the departments of African American Studies and Ethnic Studies, the certificate program develops understanding of the fundamental interconnections between race and the law within and beyond the U.S. You will examine how law has been instrumental in codifying racial difference and racial hierarchies, as well as how racialized peoples have used the law as an instrument of protest and social change. Interdisciplinary courses will cover a wide range of fields, and possible topics include The Carceral State; The Civil Rights Movement; Race and Immigration; Social Movements and the Law; Citizenship; Indigenous Legal Systems; Law and Literature; and Race, Environmental Justice and the Law.

LEARN MORE AT
ethnicstudies.berkeley.edu

Sustainability*

The Energy and Resources Group's Sustainability certificate focuses on environmental science, policy, and behavior. Students complete courses in global and local environmental change; the science, engineering, economics, and policy of renewable energy; biodiversity; the economics of degradation and sustainability; and environmental justice.

Summer English Language Studies

Do you need to improve your English for school or work purposes? Take the next step in your academic or professional career with Summer English Language Studies!

Elite Program

Challenging classes for motivated students and classes for even the most advanced of learners. Uniquely qualified instructors with expertise in teaching English for a variety of specific purposes and communicative teaching methods supported by research in language learning.

Two Levels of Study

- **Prepare:** Ideal for undergraduates, these class sections prepare you for academic work in English.
- **Refine:** Ideal for working professionals and graduate students, these class sections offer a unique challenge at the advanced level you need.

Classes that Meet Your Needs and Interests

Over 65 classes including:

- **English for Specific Professional and Academic Purposes**
Advance your academic and professional career with classes in Business English, Legal Writing, English for Science and Engineering, English for Art and Design, Job Search Skills, College Admissions Coaching, and more.
- **English Through Culture and Media**
Learn English through the topics you love—Food Culture, Popular Music, Film, Literature, Broadway Musicals, and more.
- **Intensive Skill Practice in English**
Get the skill practice you need to succeed in school and work—Academic and Public Speaking, Speech and Debate, Writing for Digital Media, Conflict Resolution, and more.

Programs that Fit Your Schedule

Three and six week programs, as well as online classes.

Learning Beyond the Classroom

Unique fieldwork assignments: Apply classroom concepts as you explore the Bay Area and historic UC Berkeley campus.

summerenglish.berkeley.edu

Tuition and Fees

This chart represents the estimated tuition and fees for a visiting international student taking two courses (three units each) during a six-week session.

Tuition and Fees	
Course Tuition (two three-unit courses at \$550 per unit)	\$3,300
Enrollment Fee	\$385
International Service Fee	\$300
Document Management Fee	\$56
TOTAL	\$4,041

This chart does not reflect costs for housing, books, supplies, and incidentals. Expenses vary with the length of stay and all fees are subject to change. For detailed fee information, visit summer.berkeley.edu/international/registration/fees.

Course Materials and Service Fee

Some departments charge a Course Materials and Service Fee for specific classes, such as those with science or computer labs, photography labs, physical education courses, and art supplies. The Course Materials and Service Fee is non-refundable and should be noted in the Class Schedule at classes.berkeley.edu.

Cancellation Fee

Cancellation means dropping all courses in every session in which you are enrolled **before instruction begins in your first course**. You are charged a \$100 cancellation fee. Visiting international students who have received an I-20 will be charged \$400.

* There may be additional fee(s) for special programs not included on this page.

** Summer tuition and fees must be paid in full within seven calendar days after enrollment, or you will be dropped from your class(es).

International Student Requirements

Full-Time Student Status

Berkeley International Office encourages all international students to enroll full-time and obtain the appropriate student (F-1 or J-1) visa status for study. Visiting international students with an I-20 (F-1) or DS-2019 (J-1) certificate of eligibility document issued by UC Berkeley must be enrolled full time for the entire summer session period noted on your I-20 or DS-2019. Full-time student status varies depending on what session(s) you enroll in. For details, see internationaloffice.berkeley.edu/students/summer/full-time.

English Proficiency Requirement

If you are from a country in which the official language is not English, you are required to submit official evidence of English language proficiency. All applicants must meet the English Proficiency Requirement regardless of citizenship, unless one of the following items applies:

- You are from a country exempt from the English Proficiency Requirement
- You enroll exclusively in Summer English Language Studies courses
- Your university has been granted an exemption based on an affiliation agreement

For more information regarding the English Proficiency Requirement, see summer.berkeley.edu/international/english-proficiency-requirement.

Visa and Immigration

International (non-immigrant) students coming to the United States from abroad with the primary intention of study should obtain F-1 or J-1 visa status. To apply for an F-1 or J-1 visa at a U.S. Embassy or Consulate in your country, request an I-20 (F-1) or DS-2019 (J-1) document when you register for Berkeley Summer Sessions. The Berkeley International Office is the responsible office for issuing these documents for UC Berkeley.

International students coming from abroad are required to have valid visas in their passports to enter the United States (Canadian citizens do not need visas, but do need the I-20 or DS-2019 for entry in student status). If you require J-1 visa documents, contact the Berkeley International Office for instructions. For more information, see internationaloffice.berkeley.edu/students/summer.

The Berkeley International Office does not provide visa advising or assistance for students who choose to enter the United States under visa categories other than F-1 or J-1.

Health Insurance

Medical care in the United States can be very expensive. Hospital costs can average \$4,000-\$5,000 USD per day. Health insurance coverage is required to meet these unexpected expenses. You should purchase a health insurance policy before you arrive in the United States. This policy should cover all medical and hospital costs, or provide you with a minimum of \$50,000 for each accident or illness, have a deductible of \$500 or less for each accident or illness, cover at least 75% of hospital and physician costs from the time you leave your current residence to the day you plan to return. For more information, visit uhs.berkeley.edu/insurance/international-summer-session-students.

Students in J-1 visa status are required to maintain adequate health insurance for the duration of their program. Information about J-1 health insurance requirements can be found at internationaloffice.berkeley.edu/j_insurance.

Housing

A variety of housing is available for your time at Berkeley Summer Sessions. Popular accommodations fill quickly, so make your housing arrangements as early as possible.

University Residence Halls

Students registered in Summer Sessions A, A&D, B, C, or D courses are eligible to apply for housing in University Residence Halls and Apartments, located just a few blocks from main campus!

Double and triple occupancy rooms are available in the University Residence Halls, which include shared lounges and communal bathrooms with all gender and single gender options. University Apartments feature triple, double, and single occupancy bedrooms in shared single-gender apartments, which feature a bathroom, full kitchen and living/dining area. All rooms, lounge spaces,

and common areas are equipped with wireless Internet. Live-in Residential Life staff provide community development activities and social programs, and each residential location includes an Academic Center that features multiple work-stations and printers.

Dining is offered at Crossroads, our largest and organic-certified dining facility featuring all-you-care-to-eat meals with a wide variety of cuisines and dietary options. The meal points provided with your flexible Summer Sessions Housing meal plan may also be used to purchase a la carte food items at any open retail location on campus.

housing.berkeley.edu/summer-housing/home

Sample Rates for University Residence Halls					
Room Type	Session A	Sessions A & D	Session B	Session C	Session D
Single	\$3,256	\$6,629	\$5,530	\$4,355	\$3,256
Double RH	\$2,869	\$5,808	\$4,899	\$3,849	\$2,869
Double APTS	N/A	N/A	N/A	\$4,102	\$3,063
Triple RH	\$2,411	\$4,899	\$4,088	\$3,221	\$2,411

Rates are based on 2017 fees and are subject to change.

International House

Located in the southeast foothills of the Berkeley campus, International House is a historic and architecturally striking campus housing facility and intercultural program center for U.S. and international students. At I-House, you will spend your summer living with a diverse group of residents, including graduate students, laboratory researchers, visiting scholars, and exchange students from around the world. To qualify for summer residency, you must be over the age of 18

and enrolled in full-time study or research at UC Berkeley or a nearby, approved educational institution.

I-House offers fully furnished double and single room accommodations. Floors are co-ed, with the exception of the 8th floor Women's Hall. The I-House room and board fee for the summer includes 10 meals per week in the I-House Dining Commons. I-House is within walking distance of the central campus and is near downtown Berkeley. I-House provides a variety of spaces for work and recreation,

including a library, resident lounges, game rooms, and a computer center. Conference rooms and a small kitchen are available for residents' special events. The International House Café is open every day for meeting with friends over coffee. A broad program of activities and outings is also offered throughout the summer.

Checklist and Deadlines

Summer Sessions Checklist

- Review instructions for visiting international students at summer.berkeley.edu/international
- Check with your home institution for guidelines regarding participation in Summer Sessions
- Research courses at classes.berkeley.edu beginning early December
- Enroll in Summer Sessions courses at summer.berkeley.edu beginning in February
- Apply for your student visa
- Make housing arrangements for summer as soon as possible after registration
- Purchase health insurance

NONDISCRIMINATION STATEMENT

The University of California, in accordance with applicable Federal and State Law and the University's nondiscrimination policies, does not discriminate on the basis of race, color, national origin, religion, sex (including sexual harassment), gender identity, pregnancy/childbirth and medical conditions related thereto, disability, age, medical orientation (cancer-related), ancestry, marital status, citizenship, sexual orientation, or status as a Vietnam-era veteran or special disabled veteran. This nondiscrimination policy covers student admission, access, and treatment in University programs and activities. It also covers faculty (Senate and non-Senate) and staff in their employment.
